Re: Joint Petition for Rule Making  
KMSR(FM), Sauk Centre MN  
KIKV-FM, Alexandria MN

Dear Ms. Salas:

Transmitted herewith on behalf of Main Street Broadcasting, Inc., licensee of KMSR(FM), Sauk Centre, Minnesota, and BDI Broadcasting, Inc., licensee of KIKV-FM, Alexandria, Minnesota, are the original and four copies of a Petition for Rule Making. The parties propose to switch channels and communities of license and to upgrade KMSR(FM).

Kindly communicate any question directly to this office.

Respectfully submitted,

  
John Wells King

Amendment of Section 73.202(b) )  
Table of Allotments ) MM Docket No. \_\_\_\_\_  
FM Broadcast Stations ) RM-  
(Sauk Centre, Minnesota) )  
(Alexandria, Minnesota) )

To: Chief, Allocations Branch  
Policy and Rules Division  
Mass Media Bureau

**JOINT PETITION FOR RULE MAKING**

Main Street Broadcasting, Inc., licensee of Station KMSR(FM), Sauk Centre, Minnesota ("Main Street"), and BDI Broadcasting, Inc., licensee of KIKV-FM, Alexandria, Minnesota ("BDI")<sup>1</sup>, by their attorney and pursuant to 47 C.F.R. § 1.401, respectfully file this Joint Petition for Rule Making wherein they request that the Commission institute a rule making proceeding to concurrently (1) reallocate Channel 232A from Sauk Centre, Minnesota to Alexandria, Minnesota; (2) reallocate Channel 264C1 from Alexandria, Minnesota, to Sauk Centre, Minnesota; (3) modify the license of KMSR(FM), Sauk Centre, Minnesota to specify operation on Channel 232A at Alexandria, Minnesota; (4) modify the license of KIKV-FM, to specify operation on Channel 264C1 at Sauk Centre, Minnesota; and (5) upgrade KMSR(FM) to enable it to operate as a Class C3 station on Channel 232 at Alexandria, Minnesota.

The proposed changes to the Table of Allotments are as follows:

<u>Community of License</u>	<u>Present Channel</u>	<u>Proposed Channel</u>
Sauk Centre, MN	232A	264C1
Alexandria, MN	208C3, 222C3 257A, 264C1	208C3, 222C3 232C3, 257A

<sup>1</sup> BDI Broadcasting, Inc., is in the process of acquiring KMSR(FM) from Main Street Broadcasting, Inc.

As set forth in the attached technical exhibit, which is incorporated by reference herein, these changes will serve the public interest. If the changes are made as proposed, the licensee of KMSR(FM) intends promptly to submit modification applications to the Commission to obtain construction permits in order to effectuate the requested changes and once granted, to expeditiously implement such construction permits. The licensee of KIKV-FM shall pursue similar undertakings with respect to modification of its station's license. Consequently, the parties respectfully request that the Commission expeditiously issue a Notice of Proposed Rule Making as herein requested and thereafter adopt such proposals.<sup>2</sup>

Respectfully submitted,

**MAIN STREET BROADCASTING, INC.  
BDI BROADCASTING, INC.**

---

<sup>2</sup> This Petition for Rule Making is a modification of a proposal filed by the parties on August 28, 2000, wherein it was proposed that KMSR(FM) operate as a Class C2 station at Alexandria, Minnesota. That proposal was precluded by a counterproposal filed in MM Docket 00-53 to allot Channel 233C1 at Enderlin, North Dakota, and was returned by the Commission staff by letter of October 4, 2000. This Petition is not inconsistent with the Enderlin counterproposal.

**BDI Broadcasting, Inc.  
Main Street Broadcasting, Inc  
JOINT PETITION for RULE MAKING**

This Joint Petition for Rule Making is filed by BDI Broadcasting, Inc., licensee of KIKV, Alexandria, Minnesota and Main Street Broadcasting, Inc., licensee of KMSR, Sauk Centre, Minnesota. It is the desire of these two licensees to swap cities of license so that KMSR may receive an upgrade from Class A to Class C3.

First, let us examine KMSR, which is proposed to be Channel 232C3 at Alexandria, Minnesota. Exhibit #1A is a §73.207 spacing study which indicates no shortages to any station other than itself. Exhibit #1B is the class maximum 70 dBu contour from the hypothetical reference location utilizing uniform terrain. 100% of the city of Alexandria, Minnesota is served by the 70 dBu contour.

Regarding KIKV, the new city of license is proposed to be Sauk Centre, Minnesota. No change of transmitter location is proposed for KIKV. Exhibit #2A is the §73.207 spacing study and Exhibit #2B indicates the class maximum 70 dBu contour assuming uniform terrain. 100% of the city of Sauk Centre is served by the 70 dBu theoretical contour.

An analysis of the new KMSR areas and population is as follows:  
KMSR's Class A license serves 15,352 people within 1,527.7 square kilometers. This proposed C3 facility would serve 46,004 people within 4,656.6 square kilometers. When ordered to the new facilities, both *BDI Broadcasting, Inc.* and *Main Street, Inc.* pledge to timely file any necessary paperwork to become licensed at the desired facilities at the desired city of license.

The following summarizes this joint request:

<u>City</u>	<u>Present</u>	<u>Proposed</u>
Sauk Centre, Minnesota	232A	264C1
Alexandria, Minnesota	208C3, 222C3 257A, 264C1	208C3, 222C3 232C3, 257A

Due to the expanded coverage of persons and area it is thought that the above proposed change of the Table of Allotments would be in the public interest.

All information contained herein is thought to be true and accurate to the knowledge of the undersigned.
